

MIDLAND HOUSE, INC • P.O. Box 20724 Indianapolis, IN 46220-0724

November 2018

Dear Christian Science Field including Indiana and Kentucky,

Christian Science nursing is an eternal, whole, complete expression of God's love for man, and man reflecting that Love. Fundamental to the ministry of a Christian Science nurse is an active, prayerful confirmation of man's innate spirituality and responsiveness to God's harmonious government. This spiritual witnessing undergirds each aspect of the care a Christian Science nurse renders. As you already know, Midland-at-Home is a charitable corporation established in 2011 to continue to provide for the Christly practice of Christian Science nursing in the home or a neighboring facility and for Christian Science nurses who are developing this healing ministry.

Our website, www.midlandathome.org, launched in June 2017. You can contact a Journal-listed Christian Science nurse, **Lisa Vollnogle**, by calling **317-801-3744** for information about Midland-at-Home or Christian Science nursing questions in general. We work in conjunction with the new National Fund for Christian Science Nursing, **NFCSN**, administered by The Principle Foundation. You can contact them online at www.nfcsn.org or by calling **800-826-7756**.

Our **Annual Meeting** was held on May 5, 2018 at Fifth Church, Indianapolis. The meeting theme, How True Christians Love, was highlighted by readings from our dual pastor and other writings of Mary Baker Eddy. Written articles with comments and inspirational remarks from four Indiana Christian Science nurses unable to attend were read, and then the meeting was opened for each individual attendee to share how their affiliation, understanding or connection to Christian Science nursing had impacted their demonstration of Christian Science as it relates to the mission of our church. After lunch a wonderful, informative power point presentation on the NFCSN, National Fund for Christian Science Nursing, including a short video was well received followed by many questions and answers.

Our Midland-at-Home board was asked to help sponsor an event in conjunction with the first **International Day of Christian Science Nursing Days** in September. On Saturday, September 22nd, Board member, Lisa Vollnogle, a Christian Science nurse, taught the one-day seminar, **The Spiritual Dimension of Care**. The board members planned, advertised, hosted meeting & lunch, and online presentation of **NFCSN**. World-wide Christian Science care facilities, Visiting Nurse services, donor and funding organizations affiliated with Christian Science nursing hosted many inspirational and informational celebrations and programs.

Financial and metaphysical support is an ongoing request from our field, allowing the benevolence funding requested for this Manual-based provision. Please feel free to contact us with any questions, and send your donations to: **Midland-at-Home P.O. Box 20724 Indianapolis, IN 46220-0724** or online at our website: www.midlandathome.org. As always, we invite you to join us in supporting this glorious work!

With much love and gratitude,
Board of Directors
